

THE 4TH EMIRATES EDUCATION WEEK—

A Master Course in Modern Evidence Based Implant Dentistry focusing on both surgical and prosthetic aspects on advanced level

November, 9—14, 2016, Dubai

University of
Zurich ^{UZH}

International Team
for Implantology

COURSE DESCRIPTION

This one week course, taking place in Dubai one of the most international metropole in the United Arab Emirates and addresses the experienced general practitioner and the specialist in Periodontology and Implant Dentistry.

The concept of modern comprehensive treatment planning, based on the evidence obtained in dental research in the last decades, will be presented. Case presentations, group work and discussions will be carried throughout the course in order to train the participants in setting up comprehensive treatment plans, using dental implants.

Besides the theoretical part, interactive Video sessions will be held; Covering modern periodontal regenerative procedures and modern plastic periodontal surgery, utilizing the latest developments in microsurgical techniques and materials will be addressed.

Implant surgeries with and without guided bone augmentations (GBR) in the aesthetic zone and implant surgery in the posterior maxilla in conjunction with sinus floor elevation will be interactively discussed. After these interactive Video sessions the participants will have the possibilities to practice these techniques in several hands-on exercises. An other highlight in these Video sessions is that several Implant-bed problem-solving aspects can be addressed such can be; Schneiderian membrane perforation, artery or nerve damage.

Prosthetic rehabilitation of partially and totally edentulous patients with dental implants and how optimal aesthetic results can be achieved in post extraction sites utilizing new materials will be discussed.

After this course, participants will not only be up-to-date in periodontal regeneration, implant dentistry and bone augmentation procedures but they will have also seen some of the wonders that the Emirates have to offer and experience the legendary Arabic hospitality.

COURSE FACULTY

Professor Dr. Dr. hc. N. P. Lang

- 2008—2012 Professor of Implant Dentistry, The University of Hong Kong
- 1980—2008 Professor Emeritus, University of Berne, Switzerland, Chairman
- 2011 Dr. odont. h.c., Aristotle University of Thessaloniki, Greece
- 2006—2011 Honorary Professor University of Aarhus, Denmark
- 1997 Odont. Dr. h.c., University of Gothenburg, Sweden
- 1995 Honorary Fellow RCPS Glasgow
- 1994 Dr. odont. h.c., University of Buenos Aires, Argentina
- 1978 Dr. odont. h.c., University PhD, University of Berne
- 1975 Master of Science in Periodontics, University of Michigan, Ann Arbor
- 1970 Dr. med. dent., University of Berne
- 2013—2015 Honorary Professor: The University of Hong Kong
- since 2012 University College London
- since 2013 University of Zürich

Published over 530 articles in peer-reviewed scientific journals and several textbooks (h-Index: 62). Over 2500 lectures in 5 continents.

Editor-in-chief:

Clinical Oral Implants Research, Editor: Oral Health and Preventive Dentistry. ITI Fellow

Dr. med. dent. B. E. Pjetursson, DDS, MAS.

Head of Reconstructive Dentistry
Faculty of Odontology
University of Iceland / Iceland

- 1990 Dr. Bjarni E. Pjetursson, received his DDS from University of Iceland
- 1990—2000 he worked as a general dentist in his private clinic in Iceland.
- 2000 he started his postgraduate training in Periodontology and Implant Dentistry at the University of Berne, Switzerland. He received his specialist certificate and Masters degree in Periodontology (EFP & SSP) and Doctorate in Dentistry (Dr. med. dent) from the Faculty of Medicine, University of Berne, Switzerland.
- 2003—2005 he received his postgraduate training in Prosthodontics at the University of Berne, Switzerland.
- From 2005 he was an Assistant Professor and Senior lecturer at the Department of Periodontology and Fixed Prosthodontics, University of Berne and is presently the Chairman of the Department of Prosthodontics, Faculty of Odontology, University of Iceland.

Dr. Pjetursson is an ITI Fellow and member of the editorial board of Clinical Oral Implants Research.

Bruno Schmid

Bruno Schmid graduated from the University of Bern in 1989. He first worked several years in private office and then continued onto postgraduate studies in the Department of Periodontology and Fixed Prosthodontics at the University of Berne. In 1996 he got the specialization as Periodontist SSO.

Since 1997 he has a private practice in Belp Switzerland, still working part time at the University. He is an ITI Fellow and the current chairman of the Swiss ITI section as well as the president of the Swiss Society of Implantology (SGI). He has presented many clinical programs throughout Europe and Asia.

COURSE PROGRAM

Wednesday, 9th November

19.30 Get together at the Le Méridien Airport Hotel
Falcone Terrace

- Welcome and Course introduction

Thursday, 10th November

Biological background, initial therapy & periodontal surgery

- The fundamental of decision making—
Keep the end in mind
- Tissue integration—Novel concepts

Discovering Dubai by yourself

- Cause relative therapy—Patient's preparation for implant treatment
- Evaluation of periodontal surgery and Guided tissue regeneration
- Case presentation

Friday, 11th November

Implant surgery in aesthetic and posterior zone with
guided bone regenerations (GBR)

- Case discussion
- Pre-surgical planning of implant patients
- **Interactive Video Session 1:**
Implant placement in the aesthetic zone
- Implant surgery in the esthetic zone—
Hands-on exercise
- Implant placement in the posterior maxilla—
short implants vs. sinus floor elevations
- **Interactive Video Session 2:** Sinus floor elevation
Osteotome technique
- Sinus floor elevation: Osteotome technique—**Hands-on
exercise**
- Case presentation 2
- Case discussions in groups

Saturday, 12th November

Implant surgery, guided bone regenerations (GBR), dealing
with complications during surgery & C.I.S.T protocol

- Case discussion
- **Interactive Video Session 3:** Sinus floor elevation
Windows technique
- Sinus floor elevation: Windows technique—**Hands-on
exercise**

Discovering Dubai by yourself

- **Interactive Video Session 4:** dealing with complications
during surgery
- Peri-implantitis: Aetiology and pathogenesis, Diagnosis
- Maintenance and treatment of peri-implantitis
- The C.I.S.T. protocol—**Hands-on exercise**

Sunday, 13th November

Implant prosthetics

- The 7 steps of treatment planning
- Bone level vs. Tissue level Straumann implants
- Implant prosthetics posterior: screw retained VS. cement
- Case presentation 3 Mrs. B.T. 1943
- Implant prosthetics in the esthetic area: Temporary
restorations, soft tissue conditioning & material choice
(metal-ceramics VS. All-ceramics)

End of Day and moving to the desert (VIP trip),
Final Arabic Dinner

Monday, 14th November

Implant prosthetics

- Case discussion 3 B.T. 1943
- Treatment planning for edentulous patients—
overdentures or fixed reconstructions (decisional tree)?
- Treatment of fully edentulous patients with fixed
reconstructions
- Technical complications—prevention & management
- Treatment concepts, conclusions, questions & answers

Course closure

SOCIAL PROGRAM

Welcome Dinner: Wednesday, 9th November

Meet and greet between participants and lecturers with typical arabic coffee with an assortment of mezzes under a relaxed atmosphere in the Le Meridien Airport Hotel.

VIP Desert tour and Final Dinner: Sunday, 13th November

This tour departs in the afternoon across the desert of Dubai. The mysterious dessert is the ideal venue for a magical and memorable evening. Experience the extraordinary Arabic hospitality. Join us for the 1001 Dinner with arabic music, shisha (the famous Arabic water pipe) and our belly dancer performing her show under the starlight of Dubai after the desert tour.

Discovering Dubai by yourself or relax at the pool. Dubai is full of attractions which can be discovered. For more inputs please approach your ITI contact Mrs Melody Felix. To be able to enjoy the spa or pool facility **it is recommended to book your stay in the Le Meridien Airport Hotel.**

REGISTRATION

Pending CME accreditation from Health Authorities of Abu Dhabi.
Maximum number of participants: 35

IMPORTANT:

This information will be used in ALL correspondence and for your certification.
Please write legibly using CAPITAL LETTERS when filling out this form.

Participant: Mrs Mr.

Last name: _____

First name: _____

Title: Prof. Dr.

Address: University/Clinic Private/Office

Street/No.: _____

Zip Code/City: _____

Country: _____

Phone: _____

Fax: _____

E-Mail: _____

I hereby acknowledge the general terms of agreement.

Place/date: _____

Signature: _____

Course fee

Early registration until 31st of August:

Non ITI Member: USD 3'000

ITI Member: USD 2'900

Late registration:

Non ITI Member: USD 3'300

ITI Member: USD 3'200

(excluding hotel accommodation & travel expenses)

Straumann reserves the right of cancellation of the course if a minimum number of 25 participants is not reached by September, 19, 2016.

Method of payment

Bank transfer to:

Bank name: United Arab Bank, Sharjah

Address: P.O.Box 881, Sharjah, UAE

Account No: 1021-011521-003

IBAN account No: ae980460001021011521003

Account name: Al Hayat Pharmaceuticals

Please mail or fax completed registration form to:
Sandra Schürmann
Event Coordinator

Phone direct: +41 61 965 15 04

Fax: +41 61 965 11 20

Mobile: +41 79 765 75 74

E-mail: sandra.schuermann@straumann.com

Additional contact person:

Marc Sommer

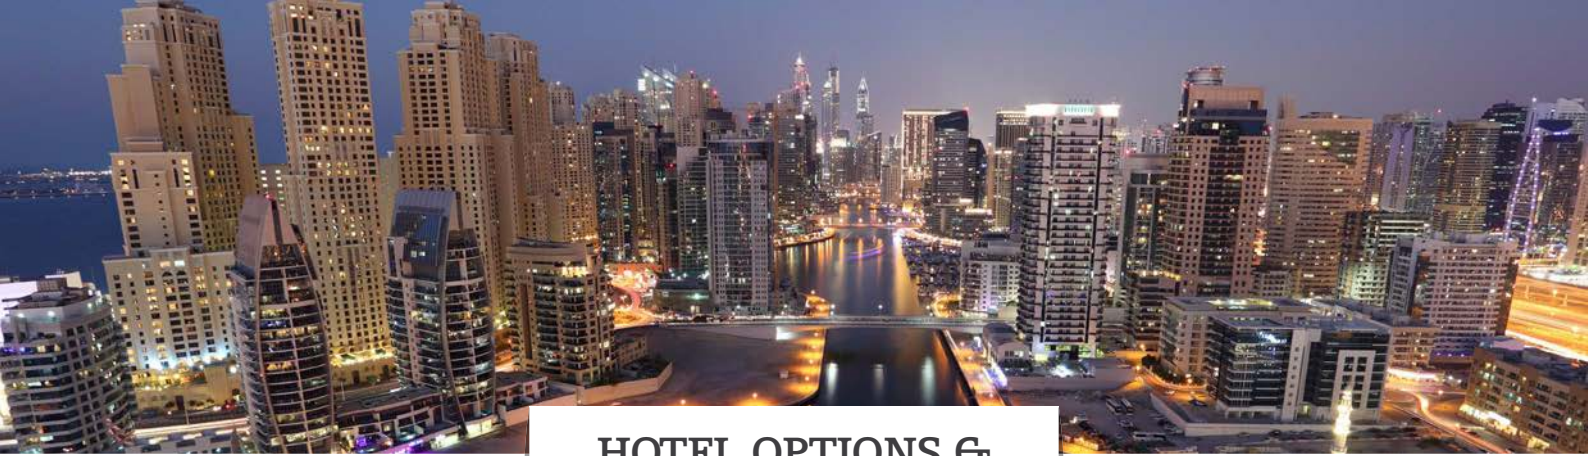

Senior Manager/International Instructor
