Committed to delivering uncompromising quality
Welcome to the Straumann Group.

The Straumann Group is a global leader in tooth replacement and aspires to become the leading global provider in esthetic dentistry.

In close and long-term collaboration with leading clinics, research institutes, universities, networks and communities, we develop, manufacture and supply dental implants, instruments, prosthetics, biomaterials and digital solutions for dental professionals. Our products are used in tooth preservation, regeneration, restoration, tooth replacement and orthodontics. All treatment steps, the complete dental workflows, hardware, software and the customer and patient journey are either digitally supported or fully digitized and completely integrated.

Through innovation and excellence we make better dental solutions available to more people to deliver more smiles. With our brands and partners we are committed to global care and excellence. We want to be the first partner that people turn to do business, to find genuine solutions, to turn ideas into reality, to learn, master, succeed and improve their lives. This is what being the partner of choice means for us.

The right mindset is a prerequisite for the high-performance culture we are striving to build. Over the past years, we have fostered a player-learner mindset throughout our workforce. Player-learners inspire trust; they are energized and embrace change; they listen, share, collaborate, take risks, find solutions, learn by doing, encourage and celebrate.

Our strategy is built on three strategic priorities: forging a high performance culture; leading development in unexploited markets and segments; and making the total solution provider proposition an accessible reality.
Why are we different?

For more than six decades Straumann® has been synonymous with innovation and quality backed by scientific evidence and has evolved to become the world’s leading brand for confidence in dental healthcare. Founded on a tradition of legendary Swiss engineering and precision, the Straumann Group has become an accelerator and shaper of market growth, outperforming competitors, built on a forward-looking culture of inspiration that creates and embraces opportunities.

The Straumann Group unites global reach, experience and innovation with passion and a commitment for uncompromising quality, making enhanced dental healthcare available and accessible to customers and patients around the globe. The Group is an agile, entrepreneurial powerhouse that takes a holistic approach that goes beyond delivering products, setting industry standards in service, support, training and education.

Where precision craftsmanship and industrial production have a long tradition.

ClearCorrect™ has been a major manufacturer of clear aligners since 2006, providing dentists and patients with removable, transparent, synthetic aligners that straighten teeth more effectively, comfortably and discreetly than traditional metal braces.

Effective
ClearCorrect™ aligners are optimized for stress retention and clarity while resisting stains and cracks.

Accessible
With a variety of training options and an attractive price/performance ratio, ClearCorrect™ makes clear aligners accessible to more dentists and patients.

Dentist-friendly
Founded by dentists in 2006, ClearCorrect™ listens to dentists and collaborates with them to create solutions they love.

Driven to serve
Team of highly-trained support specialists, account managers and territory managers go the extra mile to help dentists succeed.

Customizable
Every treatment plan is tailored to meet the individuals unique dental and treatment goals and needs.

ClearCorrect™ was founded on the principle that every dentist deserves a collaborative partner in orthodontics – one that listens and puts the dentist’s and patient’s needs first. This ethos guides the company in all respects: from its high-quality aligners, to its user-friendly system, to its unparalleled customer service and support. With its flexible treatment options, ClearCorrect™ can be integrated into a wide variety of practices, whether it’s the implantologist that needs only minor tooth movement to create space for an implant, or the orthodontist looking to correct severe malocclusion using an array of treatment methods.
An impressive heritage built on strong values.
