Straumann® Edentulous Solutions
Because we are all unique.

straumann

Patient-centric approach

Out of millions of people facing dental problems, there are no two cases the same. Having the right solution for each individual patient is a challenge every clinician faces.

With Straumann® Edentulous Solutions you have a whole portfolio designed to meet expectations of different patient groups and treat more patients.

STRAUMANN® EDENTULOUS REMOVABLE SOLUTIONS

Straumann® Mini Implant System	Straumann® Novaloc® Retentive System
Immediate restoration* for patients with reduced horizontal bone. Roxolid® proven quality and durable Optiloc® Retentive System with ADLC coating and PEEK material.[1]	Long-lasting, yet cost efficient restoration. ADLC abutment coating with an excellent wear resistance[1] and compensation of up to 60° implant divergence.

* if primary stability is reached

Dolder® Bar U-Shape	Milled Bar

STRAUMANN® EDENTULOUS FIXED SOLUTIONS

Straumann® Pro Arch with BLT & BLX systems	**Straumann® TL and BL implant systems**	**Straumann® Zygomatic Implant with BLX**
Straumann tapered implants designed to provide primary stability[2] and optional implant tilting to avoid extensive bone grafting.	Reliable restorations with the shortest 4 mm screw-type implant on the market.[3] Screw-retained solution with the BL implant system.	Two implant designs, to suit the patient's anatomy and bone deficit. Compatible with the Straumann® BLX and BLT prosthetic portfolio.

Tailored to fit.
Additional tools and services for the immediate full-arch restoration

Treatment planning with coDiagnostiX®

coDiagnostiX®, a digital implant placement plan-ning tool, enables you to plan full-arch cases precisely and easily. The tool offers numerous measurement and planning functions, including automatic nerve canal detection, various distance monitoring functions as well as designing surgical and bone resection guides.

Smile in a Box™ service

Smile in a Box™ – a digital, modular, in-tegrated treatment planning and manufacturing service. The clinician can select the services he or she wants, and Straumann delivers everything needed for the treatment in one box. Smile in a Box™ makes the treatment planning simple and predictable with regard to time, costs and outcome.
